DERMA-Q ROLLER

Dr. BACK 10 STORY PREMIUM

FNS Program?

FNS (Fractional Needle Therapy System) consists of 33G- 9 pin needle for skin perforation leading to natural healing through cell regeneration, and puncturing millions of micro channels into the skin for better solution penetration.

What is Auto MTS?

Auto MTS is much more safe and effective piercing into skin.

Features of FN-PREMIUM

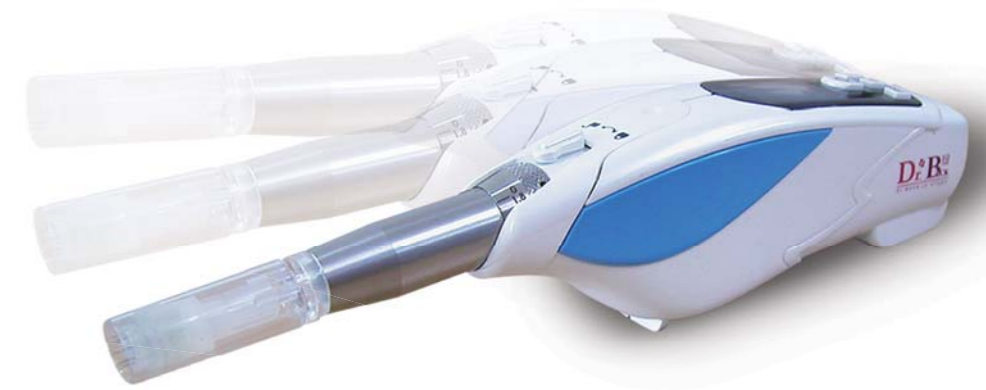

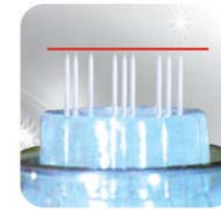

- Separate use of MTS and Permanent Make-up
- Digitalized output control
- Memorized function
- Disposable needle
- Adjustable needle depth

PREMIUM

Dr. BACK 10 STORY FN-I
