• FNS Solution Set

1 WHITENING AMPOULE 2 LIFTING AMPOULE 3 AQJA GEL CREAM 4 LIFTING CREAM

• FNS Soothing Solution

This soothing solution was developed with an ionic mineral complex, which is effective on the epidermis. It calms damaged skin and helps to reduce pain. It also helps cell regeneration by combining optimal concentration of Calcium, Magnesium and other materials.

Produced by dermatologists, in clinical research this solution has shown that it is good for wound healing, pain reduction, regenerating and moisturising cells not only after Laser treatment (AUTO) MTS and peeling, but also in personal care management.
